

thecontempocollection

The Contempo Collection has been brought together by a common design goal; to combine comfort, style and personalisation. This range of quirky dining and occasional chairs will have a chair suited to every home and taste.

The beauty of the Contempo range is that each chair is bespoke; you choose the leg material and colour and the fabric type and colour for the chair. The standard swatch book is bursting with soft aniline Italian leathers, bright velvets and heritage tweeds, including the world-famous Harris Tweed range.

With Contempo, the choice really is yours.

Why not mix and match your dining chairs for an eclectic look, or have a mixture of Harris Tweed and our sumptuous Italian leather.
